"Nader has been a vocal critic of the policies of both John McCain and Barack Obama. When Obama selected Joe Biden to be his running mate, Nader dubbed Biden the "MasterCard Senator" because of his close ties to the credit card industry. Biden was a key architect of the 2005 bankruptcy law which made it harder for consumers to file for bankruptcy protection. Nader has also criticized Biden for helping to create the modern drug war by pushing the 1986 Anti-Drug Abuse Act."
